

PUSAT TINGKATAN ENAM MERAGANG

PUSAT TINGKATAN ENAM MERAGANG

SUBJECT GUIDE

We shape the leaders,
thinkers, and change-makers
of tomorrow.

WHO WE ARE

Pusat Tingkatan Enam Meragang (PTEM) is a sixth form centre located in the Brunei-Muara district of Brunei Darussalam.

The PTEM campus is located in Kampong Meragang and covers an area of approximately 16 acres. The facilities include a library, science laboratories, computer rooms, lecture theatre, a cafeteria, and sports facilities such as a basketball court, a football field, and a multipurpose hall.

The PTEM curriculum is designed to prepare students for higher education and the workforce. There are 22 subjects offered which includes Art & Design, Mathematics, Physics, Chemistry, Biology, Media Studies, Economics, Accounting, Business, Malay Language, English Language, Islamic Religious Knowledge, Psychology, Sociology, Travel & Tourism, Food Studies, Geography and History.

In addition to academics, PTEM also emphasizes co-curricular activities to develop well-rounded students. PTEM Graduates have gone on to pursue higher education and successful careers in various fields.

“Our school system encourages critical thinking and an innovative spirit.”

Welcome

Congratulations on the successful achievement in your BC-GCE O-level results.

You are now in the process of making important decisions on subject choices. A-Level study is very different from secondary school studies. In O-level you studied a large group of subjects but now you will be studying a small number of subjects in depth and it requires you to read widely. Work patterns will therefore be different and inevitably much more demanding. You should realise that success in the sixth form very much depends on the effort you are prepared to make.

We look for students who are self-motivated, and who realise that much is expected of them in the two years of the sixth form. Most A-Level subjects require good command of English Language, you are advised to continue improving your competency in this Language.

At PTEM, we aim to create an environment where every student can be successful, whatever their ambitions, and where students can find their purpose and passion in life. You should have a genuine interest in each of the subjects you choose. If you are interested in a subject, it is more likely that you will excel at it.

There is no simple rule which helps to decide on subject choices. The best advice is to think carefully about what your plans are after A-levels and choose A-Level subjects that will help you achieve this goal. Find out what subjects and grades are required by UBD, UNISSA, UTB, KUPU SB or overseas universities for the courses that you are interested in. Discuss with us your planned career and choice of subjects with the teaching staff during admissions.

Many university courses demand high entry grades, but sixth form is not just all about academic study, University Admissions Officers and the Scholarship section also look for evidence of a sixth form record that demonstrates responsible attitudes and a positive contribution to the life of the school and community. PTE Meragang aims to provide students with the necessary resources that you will need for Tertiary education.

I look forward in seeing you and welcoming you to PTE Meragang.

Principal
PTE Meragang

Accounting

9706

What you will learn

A-level Accounting offers the most widely recognised route into higher studies in accountancy (such as ACCA) and other disciplines.

- You will study the core topics of financial accounting, and cost and management accounting, to obtain a thorough knowledge of both theory and practice.
- Students will also have the opportunity to learn regulatory and ethical considerations, which includes International Accounting Standards.
- The examination covers 4 papers: 2 AS Level and 2 A Level

Entry Requirements

- Principles of Account: Grade A* - C6 **or**
- IGCSE Accounting: Grade A - C **or**
- IGCSE Enterprise: Grade A - C **or**
- Mathematics: Grade A* - C6

AND

- English Language: Grade A* - C6 **or**
IGCSE English Grade A - C

Art & Design

9479

What you will learn

Most of the work is expected to be practical or studio-based so that students will develop their abilities of observation and analysis of the skill, visual world, sensitivity, personal expression and imagination.

Common Areas of studies are Painting and Related Media:

- Textiles
- Sculpture
- Graphic Design
- Fashion Design
- Printmaking
- Photography

Assignments and coursework/projects throughout the course are taken into account for the examination final marks.

Entry Requirements

- Art and Design: Grade A* - C6 **or**
- Design and Technology: Grade A* - B4 **or**
- IGCSE Art and Design: Grade A - C

AND

- English Language: Grade A* - C6 **or**
IGCSE English: Grade A - C

Additional Requirements

- *Portfolio must be shown to the HOD during the interview. Mini assessment will be conducted during the interview (drawing, painting, art analysis).*
- *Applicants who are not eligible but have a keen interest in the subject should see the HOD.*
